Indian Classical Sangeet Recordings Collection

(including 78.r.p.m. formats)

from 1900 - continuously expanding from 1900 – to approx.1990.

The list is just a partition path list in ABC format, in which search option by performer name is convenient.

Sorry, but for the time being, the original names and expressions are not temporarily published here in their official transliterated versions.

(The occasionally appearing (horto) clause only means that the relevant file has been restored by me)
